Kakoli High School & College

✉ Experience

- Freelance UI/UX Designer March 2025-Present
 - Designed a large collection of web and mobile interfaces, landing pages, and app concepts for a recurring client.
 - Delivered ready-to-publish UI designs that the client showcased on their professional Behance portfolio.
 - Focused on clean, modern layouts and user-centered structure using Figma and Adobe XD.
 - Worked closely with the client on visual direction, usability, and branding consistency.
